Expenditure:	(see the table below)	$73,495
Closing balance:		$83,120.32

Programme	Strategies and benefits anticipated	Target students	Date	Students Assignment	Evaluation of Student Learning	Expenditure
R & D Mr. SB Lau	**Subsidy for Gifted Programme:** This year, our students participated in a range of gifted and talented programmes organized by The University of Hong Kong, The Chinese University of Hong Kong, and The Hong Kong University of Science and Technology. The courses covered diverse disciplines including law, medicine, business management, mathematics, and science. Through these programmes, students were able to broaden their academic horizons, develop critical thinking and analytical skills, and gain early exposure to university-level learning. Such experiences not only nurture personal growth and intellectual curiosity, but also provide valuable insights into potential future studies and career pathways.	Around 20 S4-S6 students	Throughout the year	Complete the course assignment / project / exam	Certificate of completion from the organisation	$21,180
ENG Ms. HC Kwan	**YES-DISNEY'S Hospitality in practice for school ambassadors (Leaders) training:** This year, 15 school ambassador leaders were selected to join the Hospitality in Practice organized by Hong Kong Disneyland. In this program, students were given opportunities to explore the hospitality service provided in the Hong Kong Disneyland hotel, discover the unique services provided by Disney, learn about the role of Cast Members at Disney Kingdom Club, and discover the "Disney Difference" in the Resort. This experience can benefit our ambassadors to be observant to minor details so that more unique assistance can be provided to our visitors.	15 S4-S5 students	3 July 2026	Design some tasks for the new School Ambassadors training	Certificate of completion from the organisation	$7,275
SA Ms. YC Ho	**Advanced Leadership training fee 香港 200** Through 40+ hours of intensive leadership training and practical experience, participants will fully master professional skills in policy research, design thinking, and project management, translating innovative ideas into concrete community services. By mastering skills in interviewing, storytelling, and presentation, participants will also independently plan and interview top industry leaders. In addition, the program will lead participants from local communities into the broader landscape of national development. While exploring the context of urban development, participants will formulate a socially impactful "Project for Hong Kong" development blueprint tailored to the Northern Metropolis.	3 students	Jul-Aug 2026	Group Project	Certificate from the organisation	$3,960

Programme	Strategies and benefits anticipated	Target students	Date	Students Assignment	Evaluation of Student Learning	Expenditure
SA Ms. YC Ho	**SU and House Captains Training** It aims to enhance 14 members' proactiveness, problem-solving, and team-building skills. The half-day program features five key components. It begins with Warm-up Activities to foster engagement, followed by Low-structured Adventure Activities that build mutual understanding and communication. Students then learn practical planning and leadership techniques in the Activity Skills session. They apply these concepts immediately during the All-round Activity Contact through group-led demonstrations and peer feedback. Finally, the Sharing and Conclusion session encourages reflection and application of these new skills within the school.	14 students	7 July 2026	Group Task	Presentation	$4,980
SA Ms. YC Ho	**Leadership Training for Little Tutors** Through the service learning and training camps. Students further enhance their leadership skills and generic skills.	8 students	Jan-July, 2026	Service-learning project	Implementation of service-learning projects and evaluation form.	$15,100
